City of Greenville

MEMORANDUM

TO:	Building Permit Applicants	DATE:	September 1983

Applicant for Improvements within Rights-of-Way

FROM: Engineering Department

RE: Driveway tie-ins; driveway pipe and sidewalks; utility taps (i.e. water, sewer or gas)

ATTENTION!!

ENCROACHMENT PERMIT REQUIRED

In addition to your approved City of Greenville Building Permit and Site Grading Permit, you are charged with the responsibility of acquiring any necessary Encroachment Permits. Said Permit is MANDATORY for any work performed within the City's Right-of-Way. Work such as driveway tie-ins and utility taps require proper permit.

SEVERE PENALTIES CAN EXIST FOR FAILURE TO FOLLOW CONDITIONS OF PERMIT AND CITY'S STANDARD SPECIFICATIONS.

During the construction of the approved structure, should any damage be made to items within the public rights-of-way (sidewalk, pavement, etc.) You, as the applicant, shall be responsible for the replacement of the areas damaged at no cost to the City of Greenville.

STATEMENT OF APPLICANT:

"I hereby acknowledge that I have read the Codes."	e requirements herein contained and agree to conform to all City
